

We are the Ambassadors of SAFER ACADEMY

Teachers' Training on Safer's Values

Our honourable Principal Dr. Abul Kalam azad sir conducted many training programs on 22nd, 25th and 26th December to ensure the quality education at Safer Academy. In that session several topics had been discussed to make the lessons effective and establish the connection to Allah (SWT) by implementing the Safer's values in our teaching methods. Brief discussions on the Safer's values had been held for better understand-

ing while teachers also presented their elaborate opinions in this regard. In the training session the Principal emphasized on the meaning of Safer, the

Ambassador of Allah(SWT). He also added that as a Safer every teacher should perform their duties sincerely and honestly only for the sake of Allah (SWT). Other miscellaneous topics were about pupils assessment criteria as WWW: What Went Well, EBI: Even Better If, two types of assessment: AfL= Assessment for Learning, AoL= Assessment of Learning, Structure of a good lesson and how to conduct classes

promptly with time management & classroom management. Teachers discussed more about pupils psychology & behaviour to be controlled in class as well as the level based lesson format with MTP & LTP. Teachers provide research based lessons with proper objectives in Safer Academy.

Rangamati Tour

For the first time Safer Academy Management Team arranged for Teachers' Outing on 23rd December 2021 from Chittagong to Rangamati. Martyred Intellectuals' Day

Safer Academy, an emerging educational institution in Chittagong, observed the Martyred Intellectuals' Day on 14 December 2021 to commemorate those intellectuals who were killed by Pakistani forces and their collaborators during the 1971 Liberation War. On that day, all the students along with the respected teachers and staffs gathered in the Reception room at 12 p.m. to attend the Seminar on Martyred Intellectuals' Day & Dua Mahfil. The program was commenced with the recitation from the Holy Quran. The students then learned about the dark day in Bangladesh's history from the informative speeches presented by the respected teachers. Safer Academy believes in teaching the students with the truth about the history of the birth of our motherland, hence develop a deep sense of love for the nation and dedicate their lifelong work for the prosperity and glory of Bangladesh keeping all enmity away holding the torch of Islam.

Vegetable Fair

For the first time at Safer Academy, a glorious event, called "Vegetable Fair", was organized on a beautiful winter day on December 9, 2021. All the staffs and the students, along with their parents, were invited to witness this beautiful event. The program was inaugurated by the Hon'ble Secretary of Safer Academy, Dr. Muhammad Aminul Hoque in presence of the Hon'ble Chairman, Md. Habibullah Bahar and certain dignitary guardians of our students. The Hon'ble Principal, Dr. Abul Kalam Azad, residing in the United Kingdom, was in constant touch with us and presented us with his wise speech online. The Fair included several programs. Such as coloured the vegetable figures, drew the vegetables and the Vegetable Basket, class-wise rallies, with the "Vegetable Fair" Banner, "Care for Environment" corner, the

"Vegetables Exhibition" corner, the "Photo-Booth" corner, and the most attractive Vegetable Market. In the classroom the students watched a computer animated Bangladeshi short film, "Tomorrow", mainly based on climate change and its effects. They also had delicious Fair-special snacks like Potato Wedges and Vegetable Pakoda with tomato ketchup in the room! In the meantime, the parents and the teachers visited the Vegetable Market and bought vegetables from the prodigious children who earned 'Halal' money through bargaining and selling as competent sellers! All the vegetables in every stall were fully sold! The event was concluded with the Prize-giving Ceremony where the best artists and the sellers were given the prizes for their awesome performances.

Online Class Exhibition

Fruitful Online Classes

Safer was quick to respond on emergency situation as always and took necessary measures both to merge with the Govt. policy and also to consistently work on its prime concern, that is to build a skilled generation guided by Quran and Sunnah. As a result, it switched to online teaching and learning as soon as the decision came from the Government to keep the institutions closed to curb the spread of Covid-19. Trying out different combinations, from the vast majority of different online platforms, Safer chose the most effective and beginner-friendly online platform foreseeing the challenges both on the part of students and parents. Satisfactorily, our children have been doing great in the online platform since the beginning. However interesting it might be in online, nothing could be compared to the physical classes as both children and teachers of Safer Academy could not wait attending classes physically; for teachers - to see their pupils' lovely innocent faces and for pupils- to see their friends again and play with them.

Weekly Language Program

In an effort to grow the culture of speaking in different languages, Safer Academy has been observing Weekly Language Days every week. On the five weekdays, both pupils and teachers speak in three different languages (Arabic, English & Bangla) in Academy-Sunday & Monday have been allocated for Arabic, Tuesday and Wednesday for English and Thursday for Bangla. Pupils have been using the newly-learned words, expressions and even sentences in those days among them and with teachers with confidence, Masha Allah. We are highly optimistic about them and InshaAllah, they will all be a proficient speaker of these three languages soon. For parents to track their pupils' progress Salah Chart has been provided to the pupils.

Vitamin A Campaign

Besides ensuring the moral and educational development, Safer Academy is mostly concerned about their pupils' mental and physical development. To ensure it, on 13th December, Safer Academy arranged vitamin A capsule campaign for

EYFS pupils. Reception year pupils, under the age 5, took part in this campaign. Led by the teachers in an organised way, they reached at the nearest health complex on time and took their Vitamin A capsule. Now our children have

gained the resistance to fight with blindness, morbidity & mortality as Vitamin A supplement reduces the chances of the aforesaid problems, InshaAllah.

Safer Academy published its own calendar merging three years -Islamic, Bengali & English with its Academic Calendar on 19th December, 2021.

Weekly Iftar Program

Fasting is the best way to get closer to Allah. Our beloved Prophet Mohammad (Sw) used to fast on every Monday and Thursday. Being a devoted Muslim & being a lover of prophet we need to adopt the best practices of our guide and leader. As Safer has laid its foundation to be guided by the Quran and Sunnah, it has been adopting good practices and encouraging the culture. As a result, the Academy

introduced Weekly Iftar Programme where it has been providing free Iftar to all who fast and who do not for the sake of Almighty Allah and get Safer as a hub for Muslims. This programme is followed by Darsatul Hadith which is conducted by secretary of Safer Academy, Dr. Aminul Hoque & Ustad Nurul Alam Madani, Head of Hub on many important Islamic topics- Taqwa, Tawaqul-to

name a few. Safer is trying in every possible way to encourage people to steadfast on the principles of Islam. All we need is your cordial support & dua.

Safer Day

On 29th December Safer Academy celebrated Safer Day with honourable Principal Dr. Abul Kalam Azad. During this event Safer Parents, with their families, were invited and they have ensured their presence as well. Alhamdulillah, this event have been arranged at Shadhinota Complex which is also known

as Mini Bangladesh. After Asr prayer, all the invitees were coming one by one and filled the complex environment with joy. Pupils enjoyed a lot that day with great rejoice & pleasure as well as with sorrow as they were going to bid their lovable Principal goodbye. Evening snacks & dinner party was a glorious part of this event. Teachers with their families were also invited to celebrate this day. Shadhinota Complex garden was filled with many pretty pupils as flowers. This event was concluded with Honourable Principal's heart touching speech. All the guests asserted their wish to meet with the Principal again soon. InshaAllah, in future Safer Academy will plan more such programmes.

End of Autumn Term Celebration

Pupils enjoyed a lot on Safer Day with great joy & pleasure as well as with sorrow as they were going to bid their lovable Principal goodbye.

On 27th December, Safer Academy has arranged for the 'End of Autumn Term' celebration. In that event Safer Academy pupils performed various activities such as Nasheed, Chorus patriotic song, Arabic & English conversations, Public Speech & so on. Pupils started the programme with Quran recitation. Hon'ble Principal, Dr. Abul Kalam Azad inaugurated the program. Year 1 pupils Chorus, 'Bismillah Bismillah in the name of Allah', was one the best attractions of the event. Pupils also cut cakes and ate delicious food on this occasion. Parents were also invited to enjoy such a beautiful event. The program was held in the Sanwara Safa Jame Mosque with separate sitting arrangements for male and female.

Available now

Pupils' Winter Activities

Assalamu Alaikum! In a very simple way, in just 30 days - in 30 hours - 300 basic word learning book of Al-Quran, "Mini Safeerul Quran" is now available in Bangladesh. The author of the book is none other than our Hon'ble Principal, Dr. Abul Kalam Azad. By reading or listening to the verses of the Holy Qur'an through the complete mastery of the book, you can easily understand the meaning of 80 percent of the words or verses. "Mini Safeerul Quran" has been specially written for Muslim men and women speaking both Bengali and English.

Pupils of Safer Academy have performed various winter activities such as making winter clothes by cutting papers and hanging on the ribbons, make snow flakes with crafting paper, make chart paper with winter theme, colouring scenery & so on. On that occasion pupils learned about this season's merits & demerits, learned about winter vegetables, fruits & flowers. Pupils also learned about winter migratory birds by watching documentaries & presentations on the Projector. Pupils enjoyed winter Pitha in their classroom.
