## Principal's Message

The establishment of Safeer Academy is more like a dream. Safeer Academy started its academic journey from the 1<sup>st</sup> Ramadan-1442, 14 April 2021. Alhamdulillah, we have successfully completed a year at Safeer Academy and we are extremely proud of our achievement. Safeer Academy is the result of countless hours of brainstorming and discussion spanning over countries. Parents and students together came forward to support our endeavour keeping their faith on us. I believe that we tried our best to give fruition to this initiative of ours. May Allah bless us in the days to come, so that we may grow together beautifully and build a strong bond that will last until Akhirah.

**-Dr. Abul Kalam Azad**

## Chairman's Message

In the beginning, though I didn't think of, Safeer Academy made me more capable with new energies and new hopes listening to the chirping of the young talents hovering in its campus. Yet, there were a couple of hurdles I faced, a lot of differences I felt, a number of challenges I met, and then again, a lot of new hopes took birth inside me since I was always relying on Allah's mercy and his absolute plan I never knew of. Wallahu Khayeer Al Makireen. Thus I got a year of success, a wind of change - the academy completed its one year. And then came another hunger, very deep - my praying to the Creator to have another fresh year at the academy so that we may be able to get a chance to decorate the lives of our young talents with farm-fresh pure education blended with the aim of the betterment of both dunia and akhira. If we together can keep our beginning focused, optimistic and full of dedication, I am sure, by Allah's mercy, we once will be the touchstone of the modern education system in Bangladesh.

**-Mr. Habibullah Bahar**

## Secretary's Message

With a strong desire to set up an institution that reflects the lifestyle of the Muslim Ummah, Safeer Academy came into existence a year ago. This institution eagerly hoped to provide our students with the best Islamic environment since the beginning our journey. Like a toddler who walks one step at a time, Safeer Academy has advanced ahead to reach where we are today. With every achievement, we grew as a family. In the days to come, I dream of Safeer Academy to be a world-class institution where traditional and Islamic education move hand in hand. Every aspect of living should be shaped by the Islamic values and that is what we provide at Safeer Academy. When the sound of the Surahs resonates in the air, I feel a sense of serenity pervading the surrounding as tranquility exists here at Safeer Academy.

**-Dr. Muhammad Aminul Hoque**
